Third Edition

February 2017

Volume 16

Once the calendar turns to February, the focus is on romance and Valentine's Day. It is a day often accompanied by heart-shaped cards, red roses and delectable chocolates. It's a holiday that seems to reach out and touch those who want their own home to love and or those who want their home to be something that others will love. It takes the right Realtor to be able to find real estate that clients will love and care for deeply whether it is buying or selling. The obvious choice is Janice Busovne.
