Happy New Year From Janice!

Kick 2020 To The Curb!

As a Realtor, I know a thing or two about curb appeal. I know a lot of people will understand it when I say that it was time to kick 2020 to the curb as it lost its luster long ago. Now we are at 2021 and with it comes hope for new beginnings, vaccines, and good health. We are getting there for sure. It is also a time for resolutions. If one of your resolutions is to buy or sell a home or know someone who fits that description, let me help start the year out right. I have many years of experience, expertise, incredible number of contacts (great contractors who can help make timely repairs if needed) and credentials all rolled into one. And, I do all that in a professional, timely and friendly manner. The Busovne Team is certainly here to help. Here's to a great 2021.
